REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1 and 9 are patentable over the prior art patents and printed publications because of the specific configuration of the optical scanning device, which includes a rotating deflector for deflecting the laser beam through an imaging optical system to a surface to be scanned, the deflector being directly mounted to the housing, which has a heat conductivity smaller than that of a part of the deflector being in contact with said housing. The combined limitations as currently claimed are not taught by the prior art of record considered alone or in combination.

Claims 2-3 and 10-13 are allowed because they are directly or indirectly dependent from the aforementioned claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hai C. Pham whose telephone number is (571) 272-2260. The examiner can normally be reached on M-F 8:30AM - 5:30PM.
